### **(c) Applicability of INA 212(e)**

(TL:VISA-203; 10-01-1999)

(1) An alien is subject to the 2-year foreign residence requirement of INA 212(e) if:

(i) The alien's participation in one or more exchange programs was wholly or partially financed, directly or indirectly, by the U.S. Government or by the government of the alien's country of nationality or last residence; or

(ii) At the time of the issuance of an exchange visitor visa and admission to the United States, or, if not required to obtain a nonimmigrant visa,

at the time of admission as an exchange visitor, or at the time of acquisition of such status after admission, the alien is a national and resident or, if not a national, a lawful permanent resident (or has status equivalent thereto) of a country which the *Secretary of State* has designated, through publication by public notice in the Federal Register, as clearly requiring the services of persons engaged in the field of specialized knowledge or skill in which the alien will engage during the exchange visitor program; or

(iii) The alien acquires exchange visitor status in order to receive graduate medical education or training in the United States.

(3) The country in which 2 years' residence and physical presence will satisfy the requirements of INA 212(e) in the case of an alien determined to be subject to such requirements is the country of which the alien is a national and resident, or, if not a national, a lawful permanent resident (or has status equivalent thereto).

(4) If an alien is subject to the 2-year foreign residence requirement of INA 212(e), the spouse or child of that alien, accompanying or following to join the alien, is also subject to that requirement if admitted to the United States pursuant to INA 101(a)(15)(J) or if status is acquired pursuant to that section after admission.

#### **(d) Notification to Alien Concerning 2-Year Foreign Residence Requirement**

(TL:VISA-2; 08-30-1987)

Before the consular officer issues an exchange visitor visa, the consular officer must inform the alien whether the alien will be subject to the 2-year residence and physical presence requirement of INA 212(e) if admitted to the United States under INA 101(a)(15)(J) and, if so, the country in which 2 years' residence and physical presence will satisfy the requirement.

#### **INA 101(a)(15)(J)**

(TL:VISA-203; 10-01-1999)

(15) The term "immigrant" means every alien except an alien who is within one of the following classes of nonimmigrant aliens:

(J) an alien having a residence in a foreign country which he has no

intention of abandoning who is a bona fide student, scholar, trainee, teacher, professor, research assistant, specialist, or leader in a field of specialized knowledge or skill, or other person of similar description, who is coming temporarily to the United States as a participant in a program designated by the *Secretary of State*, for the purpose of teaching, instructing or lecturing, studying, observing, conducting research, consulting, demonstrating special skills, or receiving training and who, if he is coming to the United States to participate in a program under which he will receive graduate medical education or training, also meets the requirements of section 212(j), and the alien spouse and minor children of any such alien if accompanying him or following to join him.

## **INA 212(e)**

(TL:VISA-203; 10-01-1999)

No person admitted under section 101(a)(15)(J) or acquiring such status after admission (i) whose participation in the program for which he came to the United States was financed in whole or in part, directly or indirectly, by an agency of the Government of the United States or by the government of the country of his nationality or his last residence, (ii) who at the time of admission or acquisition of status under section 101(a)(15)(J) was a national or resident of a country which the *Secretary of State*, pursuant to regulations prescribed by him, had designated as clearly requiring the services of persons engaged in the field of specialized knowledge or skill in which the alien was engaged, or (iii) who came to the United States or acquired such status in order to receive graduate medical education or training, shall be eligible to apply for an immigrant visa, or for permanent residence, or for a nonimmigrant visa under section 101(a)(15)(H) or section 101(a)(15)(L) until it is established that such person has resided and been physically present in the country of his nationality or his last residence for an aggregate of at least two years following departure from the United States: Provided, That upon the favorable recommendation of the *Secretary*, pursuant to the request of an interested United States Government agency, (or, in the case of an alien described in clause (iii), pursuant to the request of a State Department of Public Health, or its equivalent, or of the Commissioner of Immigration and Naturalization after he has determined that departure from the United States would impose exceptional hardship upon the alien's spouse or *child* (if such spouse or child is a citizen of the United States or a lawfully resident alien), or that the alien cannot return to the country of his nationality or last residence because he would be subject to persecution on account of race, religion, or political opinion, the Attorney General may waive the requirement of such two-year foreign residence abroad in the case of any alien whose admission to the United States is found by the Attorney General to be in the public interest except that in the case of a waiver requested by a State Department of Public Health, or its equivalent, *or in the case of a waiver requested by an interested United States Government agency on behalf of an alien described in clause (iii)*, the waiver shall be subject to the requirements of section 214(k): And pro-

vided further; That, except in the case of an alien described in clause (iii), the Attorney General may, upon the favorable recommendation of the *Secretary*, waive such two-year foreign residence requirement in any case in which the foreign country of the alien's nationality or last residence has furnished the *Secretary* a statement in writing that it has no objection to such waiver in the case of such alien.

## **INA 212(j)(1)**

(*TL:VISA-203; 10-01-1999*)

(j)(1) The additional requirements referred to in section 101(a)(15)(J) for an alien who is coming to the United States under a program under which he will receive graduate medical education or training are as follows:

(A) A school of medicine or of one of the other health professions, which is accredited by a body or bodies approved for the purpose by the Secretary of Education, has agreed in writing to provide the graduate medical education or training under the program for which the alien is coming to the United States or to assume responsibility for arranging for the provision thereof by an appropriate public or nonprofit private institution or agency, except that, in the case of such an agreement by a school of medicine, any one or more of its affiliated hospitals which are to participate in the provision of the graduate medical education or training must join in the agreement.

(B) Before making such agreement, the accredited school has been satisfied that the alien (i) is a graduate of a school of medicine which is accredited by a body or bodies approved for the purpose by the Secretary of Education (regardless of whether such school of medicine is in the United States); or (ii) (I) has passed parts I and II of the National Board of Medical Examiners Examination (or an equivalent examination as determined by the Secretary of Health and Human Services),

(II) has competency in oral and written English, (III) will be able to adapt to the educational and cultural environment in which he will be receiving his education or training, and

(IV) has adequate prior education and training to participate satisfactorily in the program for which he is coming to the United States. For the purposes of this subparagraph, an alien who is a graduate of a medical school shall be considered to have passed parts I and II of the National Board of Medical Examiners Examination if the alien was fully and permanently licensed to practice medicine in a State on January 9, 1978, and was practicing medicine in a State on that date.

(C) The alien has made a commitment to return to the country of his nationality or last residence upon completion of the education or training for which he is coming to the United States, and the government of the country

of his nationality or last residence has provided a written assurance, satisfactory to the Secretary of Health and Human Services, that there is a need in that country for persons with the skills the alien will acquire in such education or training.

(D) The duration of the alien's participation in the program of graduate medical education or training for which the alien is coming to the United States is limited to the time typically required to complete such program, as determined by the *Secretary of State* at the time of the alien's *admission* into the United States, based on criteria which are established in coordination with the Secretary of Health and Human Services and which take into consideration the published requirements of the medical specialty board which administers such education or training program; except that—

(i) such duration is further limited to seven years unless the alien has demonstrated to the satisfaction of the *Secretary* that the country to which the alien will return at the end of such specialty education or training has an exceptional need for an individual trained in such specialty, and

(ii) the alien may, once and not later than two years after the date the alien *is admitted* to the United States as an exchange visitor or acquires exchange visitor status, change the alien's designated program of graduate medical education or training if the *Secretary* approves the change and if a commitment and written assurance with respect to the alien's new program have been provided in accordance with subparagraph (C).

(E) The alien furnishes the Attorney General each year with an affidavit (in such form as the Attorney General shall prescribe) that attests that the alien (i) is in good standing in the program of graduate medical education or training in which the alien is participating, and (ii) will return to the country of his nationality or last residence upon completion of the education or training for which he came to the United States.

### **INA 214(l)**

(TL:VISA-203; 10-01-1999)

(l)(1) In the case of a request by an interested State agency, or by an interested Federal agency, for a waiver of the 2-year foreign residence requirement under section 212(e) on behalf of an alien described in clause (iii) of such section, the Attorney General shall not grant such waiver unless—

(A) in the case of an alien who is otherwise contractually obligated to return to a foreign country, the government of such country furnishes the *Secretary of State* with a statement in writing that it has no objection to such waiver;

(B) in the case of a request by an interested *State* agency, the grant of such waiver would not cause the number of waivers allotted for that *State* for that fiscal year to exceed 20;

(C) in the case of a request by an interested Federal agency or by an interested *State* agency—

(i) the alien demonstrates a bona fide offer of full-time employment at a health facility or health care organization, which employment has been determined by the Attorney General to be in the public interest; and

(ii) the alien agrees to begin employment with the health facility or health care organization within 90 days of receiving such waiver, and agrees to continue to work for a total of not less than 3 years (unless the Attorney General determines that extenuating circumstances exist, such as closure of the facility or hardship to the alien, which would justify a lesser period of employment at such health facility or health care organization *(other than a request by an interested Federal agency to employ the alien full-time in medical research or training), or by an interested State agency* in which case the alien must demonstrate another bona fide offer of employment at a health facility or health care organization for the remainder of such 3-year period); and

(D) in the case of a request by an interested Federal agency *(other than a request by an interested Federal agency to employ the alien full-time in medical research or training) or by an interested State agency*, the alien agrees to practice medicine in accordance with paragraph (2) for a total of not less than 3 years only in the geographic area or areas which are designated by the Secretary of Health and Human Services as having a shortage of health care professionals, *except that, in the case of a request by the Department of Veterans Affairs, the alien shall not be required to practice medicine in a geographic area designated by the Secretary;*

*(2)(A) Notwithstanding section 248(2), the Attorney General may change the status of an alien who qualifies under this subsection and section 212(e) to that of an alien described in section 101(a)(15)(H)(i)(b);*

*(B) No person who has obtained a change of status under subparagraph (A) and who has failed to fulfill the terms of the contract with the health facility or health care organization named in the waiver application shall be eligible to apply for an immigrant visa, for permanent residence, or for any other change of nonimmigrant status, until it is established that such person has resided and been physically present in the country of his nationality or his last residence for an aggregate of at least 2 years following departure from the United States;*

(3) *Notwithstanding any other provision of this subsection, the 2-year foreign residence requirement under section 212(e) shall apply with respect to an alien described in clause (iii) of such section, who has not otherwise been accorded status under section 101(a)(27)(H), if—*

(A) *at any time the alien ceases to comply with any agreement entered into under subparagraph (C) or (D) of paragraph (1); or*

(B) *the alien's employment ceases to benefit the public interest at any time during the 3-year period described in paragraph (1)(C).*

[Amended by Sec. 622(c) of Pub. L. 104-208, 110 Stat. 3009-695, Sept. 30, 1996.]
